Dear Mr. Hoover:

This letter comes to you to say we think the Negroes are getting out of hand & Martin L. King should be stopped. We were upset after reading of the Lutheran Church men butting in. We are Lutheran & many more of our church do not believe in integration of races. So the few men can not speak for all of us. Also Im dissappointed in L. B. J. We're lifetime Democrats & were for him but he's as bad as the Kennedys falling all over the Negroe. Next he'll move over & let Martin King have his job, which is what will happen if something isn't done.

What right has a woman from one state to go to another state to stir up trouble.

I say let a Governor govern his state.

The laws of the land have been changed before & should be now before this crazy mess gets worse. While investigating maybe the Negroe leaders will be investigated also.

Our highest Regards

Dear Sir,

As one of your greatest admirers, it makes my blood boil to see your investigations ignored and buried. You know the background of Martin Luther King but most of the American people do not. Isn't there any way you can expose him? I know you tried when you called him a liar, but it looks like the country is asleep. It is awfully hard to sit at home with my children and realize that we are watching another Castro in the making. What can we do to save our country?

May I please have a few copies of your "Civilization in Peril."

God help us all.

Mr. J. Edgar Hoover,
Director of F. B. I.
Washington, D. C.

Honorable Mr. Hoover:

12-11-80 SP4JPM/LK
6076

The Newsweek magazine issue of Dec. 9th, 1964 carried a story about you and your statement that Rev. Martin L. King Jr was a notorious liar. I have followed that worthy character and read all about his associations with subversive individuals which were printed in Georgia and Alabama but not in the press in the north and west.

People in Georgia have pictures of him in attendance at a Communist training school near Monteagle, Tenn. We know of his Communist associations and of having two on his Southern Christian Leadership Conference payroll.

We also know Bayard Rustin put on the huge Washington D. C. parade in 1963 for Core leaders and Board members Martin Luther King Jr and NAACP leaders and Board member A. Phillip Randolph. We also know Bayard Rustin same Communist helped Martin Luther King draw up his acceptance speech for his Nobel Peace prize in Oslo Norway last December

We are mighty suspicious same Bayard Rustin was back stage and Kingpin of Kings overnight invasion from the northern into Selma when he and his aides purposely provoked police into action by disobeying orders about three times for an interstate march to Montgomery solely for propaganda purposes We also suspect King and Bayard Rustin had plans weeks ahead of staging a 25,000 demonstration in Montgomery Ala. and for King to break laws in Selma.

For 48 years I dont remember of a segment of our citizenry wanted to travel along a busy interstate highway thereby endangering their own lives and innocent travelers on a busy highway. Prior to 1961 no segment of citizens ever had that intestinal brass.

S-ETP

If they had they would have been promptly told to act the part of responsible and sensible citizens

However a federal judge allowed it. Now the communist techniques of street demonstrations was permitted and condoned again in 1965 and legally extended to busy interstate highways with army guard.

I further contend a huge Communist plan to infiltrate into the lives, communities and states in the entire south, Illinois, Michigan, Ohio and Pennsylvania was kicked off in Selma and Montgomery Alabama.

There are sufficient laws on the books of our country to insure proper voting rights and if done in the Christian free world way as done in the western countries and the United States instead of by the Marxist atheist way as done in Selma and Montgomery there would have been no strife, hatred, violence and death. Therefore with Kings being the "front man", he is morally responsible for all that which happened as well as stirring up strife again in the south where Civil Rights was peacefully accepted. Only one death resulted in July 1964 near Athens, Ga and 3 businesses going to court

I further contend King is getting north and south in an unnecessary state of some bad feelings. If all went well between whites and negroes he wouldnt let it be. He would find something to start something going The Ku Klux Klan never was any good and stirred up internal trouble not necessary. At the same time they are not subversive as the Communist in wanting to undermine every level of our country and the moral fabric of our citizens as well. We dont need the Klan. At the same time if King had not started breaking local laws in Selma but done everything in an upright responsible way a good constructive citizen and leader would do, there would have been no strife hatred, violence and three deaths. Even the Klan would have remained underground.

I am for integration and rights for all citizens to vote whether illiterate or not. The illiterate should be sound of mind and vouched for by 2 credible witnesses in their community. I have wired Senator Dirksen to try to get this into the new law.

It can all be worked out O.K. if King is kept out of the streets and all done in an orderly Christian free country way of doing it.

That is off my mind. I was indignant about the way Newsweek covered you in the fashion of a scandal monger and the unwarranted criticism by the New York Times, New York Herald Tribune, Washington Post and Los Angeles Times. The Newsweek did not give you one favorable comment.

Therefore besides sending a reply to Newsweek I also sent a copy to the four critical newspapers mentioned. In addition to that, I also sent copies to the Chicago Tribune, Detroit News, Jackson Clarion Ledger, Jackson Miss. the Saturday Evening Post and Red Book magazine. In all, I let seven newspapers and three magazines know I didnt like the unwarranted attack on you by Newsweek, New York Times, New York Herald Tribune, Washington Post and Los Angeles Times. I enclose the reply by Newsweek

I remember well when the F. B. I. was formed and you were appointed by Judge Stone in 1924 to take charge. I have followed the F. B. I. and you from its infancy to the sound organization it is today. You are to be commended for a job efficiently and honorably done and for being a good public servant.

I wanted to join the FBI in 1927, but my wife vetoed it. We were married Jan 26, 1924 and I am a World War one U. S. Marine from 1917-1921 vintage.

When my wife was against me joining the F. B. I. I joined my state National Guard from March 1927 to Nov. 1935.

My allegiance to the flag and my country have never left me and I hold membership in the American Legion for 44 years. I couldn't sit down and keep quiet last December when the "get Hoover clique" started. I thought I would let you know I stuck out my neck for you. I should have done so at the time.

I cant sit down and keep quiet either regarding Rev. King Jr I say no matter what our problems are--let us do the work in a Christian free world way as opposed to the Marxist atheist way in the streets and the underground. I know you cannot reply on King and subversion

Gentlemen:

We now hear suddenly of J. Edgar Hoover, F.B.I. chief has become a figure of controversy and not only of old leftish critics but also among old admirers. We know about leftie clique who don't like his works. But any claim his admirers, and I mean the big majority are suddenly against him, is an empty statement. All the get Hoover clique have to do is downgrade Hoover and the country will soon know how many admirers he has.

Hoover and the F.B.I. have been in poor graces with the Communist party since they produced enough evidence to convict their 12 top leaders in 1950. So has any law enforcement agency. The Communist handbook says in part: "Police officers are the enemies of communism, if we are to succeed we must do anything to weaken their work, to incapacitate them or to make them a subject of ridicule." That is their goal and the whole F.B.I. is not excluded. They want so-called Citizens Police Review Boards throughout the U.S.

100-106670-111-

ENCLOSURE

to decide policies and decisions against policemen who have to use persuasive methods against participants in any disorderly movements where mob rule and unlawful disorders are to be gained by violence. They call this "police brutality." In other words if policemen uses necessary force to break up a mob, that is violent and has no lawful technique and approach except with violence, he is then brutal and should be subject to a Citizens Police Review Board. Such Boards would not be competent police officers who know crime and men in the police force. Such Boards can be too easily swayed by tension pressure groups who are not always for 100% law and order, and dont know officers involved nor law enforcement techniques. It is just another Communist technique to discredit police and weaken enforcement as well as ridicule officers to the public. It is not the thing for Americans who want a good crime and law enforcement process to become involved in.

Sadly enough too many American non-Communists fall prey to such schemes and are then skinned and quickly ridicule

over arm of the law if they say one word when under quelling pressure from those persons and groups whose tactics and techniques are not always within the bounds of lawfulness, common decency and fair play.

When Mr. Hoover said what he did about a few judges, there was stony silence. When Hoover said what he did about Rev. Martin Luther King Jr. high blood pressure and ruffled feathers was experienced in a few journalistic circles. Why?

Mr. Hoover in his works knows plenty about Rev. King Jr., the Communist infiltration into Civil Rights demonstrations, sit-ins, stand-ins, carrying out bodily of those who don't get all they want on first call whether they have an appointment or not. This whole technique is of Communist origin. They used it before 1950 in House of Un-American Activities hearings and in labor troubles in the newly organized C.I.O. Our good American labor leaders finally threw out Communist infiltration in labor movement in the C.I.O. and abolished the sit-in or sit-down strikes.

Rev. King Jr. is not responsible for all the

ill feeling hate, violence and some deaths that followed in the wake of demonstrations and what not prior to July 2 1964, He however did condone all those foreign techniques. What was gained was a passive resistance and smoldering ill-feelings from those the negroes want the considerations from. Had the American way of petitions been used, discussions of Civil Rights over radio and T.V, called public meetings to discuss it with interested public groups and officials then there would not be that passive resistance and smoldering ill feelings by so many toward Civil Rights and so-called "non-violence".

I am not charging Rev. King is a Communist. I am enclosing newspaper clippings about some of his associates and co-workers. The F.B.I. files are not open to the public. Mr. Hoover does not say what they show on whom. If the journalists who throw disparaging remarks about Mr. Hoover had been in his place, I am sure they would only have had one tenth or less of Hoovers patience. At least I dont subscribe to the supposition everything was alright

within the F.B.I., Mr. Hoover and between the civil rights leaders and that Rev. King had carried himself perfect in everything — and then King had only once remarked the F.B.I. was not doing its part in civil rights aftermath, so consequently Mr. Hoover then threw a characteristic Truman blast without good cause That was not the case at all

Anyone who is disparaging about Mr. Hoover whose has been a Rock of Gibraltar ^{against} ~~the~~ crime and subversion, is giving aid and comfort to the Communists whether they intend to or not, That is the net result.

There were those on the Warren commission who thought the angle of Lee H. Oswald's wife, a daughter of the Soviet Secret Police was not followed through as it should have been. Most people agree a body not connected with a political party should have and would have did a better job because they would not be party or politically obligated in any way. They agree with Mr. Hoover on his criticism

of same.

Anyone whether in Congress or not are free to feel we are safer from Communism than heretofore, that co-existence is working good. Anyone is also free to feel otherwise. Outside of the U.S. the Communists have not let down. Who is so foolish as to believe contrary to their policy they are now more friendly? That is their game so we can be less vigilant. I will believe the F.B.I. before I will others not in subversion investigation work.

The Civil Rights law was necessary and I hope its interpretation and execution will be only on the law.

The negroes are entitled to good leaders who are free of Communist orientation and back stage guidance and policies. I am sure the majority of that race want it.

In the thirties and forties the American labor leaders kicked out the Communists and repudiated them. Let us see if the new negro leaders will do likewise for the good of the U.S. and the negro race. The negro race or any poor white race

is fertile ground for the Communists to sow seed

Mr. Hoovers speech before the Loyola University in Chicago Ill. on Nov. 24th when he was presented with the Loyola Sword award was sincere and shows his strong character and good moral stamina. All his detractors cannot match that speech

The Communists are very co-operative in working with any ministers or church organizations on any work outside of congregational work when it specifically involves "peace" and the plight of the working man in their world wide program of Communization. When that is accomplished we will then have no religion or churches. Look at their work since close of World War two for verification

Yours truly

b7(c)

P.S. Any journalist who believe in our way of life for the good of the U.S. and the negro race will reject anything of a foreign orientation and spread the news to that effect.

Dear Sir:

I live in an area in which we have two radio stations that have a program where anyone can call in and express their opinion on any subject.

I am appalled to find in this comparatively small area, there are so many hate-groups. One of the things they constantly harp on is the status of Dr. Martin Luther King.

I myself, am white, but I to have faith in, and even though you receive thousands of letters every day, you will find time to answer this.

If I could have his educational background, that would also be a help. Thank you

Dear Sir:

It is with the utmost concern for my country
that I send these ill typed lines to you. With reference
to the so called REVEREND Martin Luther King, I submit
what I have read and heard, and seen.

All I can see out of King's movements and actions,
is the very obvious operant of the communist party.
He has went from one operation to another, stirring up
strife all the way. Now he is trying to boycott industry
in Alabama. When this has satisfied his appetite, where
will he strike next?

The distorted press and TV the public is being
brainwashed by, with half truths, causes at least some
of us to read other material on world events than the
controlled daily sheet and controlled TV. I do not have to
tell you who controls them, you already know.

In the works which are authenticated, documented
letter of record, and restricted papers unkind to bring
the truth, we find that (you can check it if you already
have, to) the so called REVEREND Martin Luther King is an
outright communist. I saw a photo of me and others taken
at a meeting of some organization in Tennessee, that later
the Tennessee Legislature broke up this said organization
deeming it subversive. I think it might take the entire
public really find out just what King really is.

In this other reading material we also find that
the neuter brothers were trained in Moscow, that Anna
Yaroshinsky and Walter Rostow are pinkos. (I'm quite sure
you know of them) and another who was eased into your
organization just to spy on you, Jack Levine, another
pinko.

I am soundly disgruntled; but why should I be?

Honorable J. Edgar Hoover,
Chief, Federal Bureau of Investigation,
Washington, D. C.

Dear Mr. Hoover:

On Sunday evening, March 28, 1965, I was listening to the "Meet the Press" program on which Rev. Martin Luther King, Jr. appeared. One reporter asked Rev. King about his attitude toward civil disobedience, and the violation of some of the laws that had been violated, and he stated that those laws were bad laws and that they felt they could be guided by their conscience, and pay no attention to those laws.

It seems to me if they are bad laws that isn't the way to test them out and have them invalidated, and that is the philosophy of the government by men instead of government by laws - as advocated by the soviets and communists.

If that is the doctrine that is being advocated by the leaders of this movement it seems to me that is a rather dangerous doctrine to promulgate, and has no doubt led to a lot of the depredations that have been committed.

I am not in favor of the negro having his rights violated, but I do not believe any discrimination can be made in favor of the negro and against the whites in this respect.

I understand this program is recorded, and that an exact copy of his words can be obtained from the Merkle Press, 801 Channing Street, Washington, D. C.

We feel this to be of sufficient importance to bring it to your attention.

Very truly yours,

On March 30, 1965, an Agent of the Denver Office of the Federal Bureau of Investigation contacted captioned individual at his place of employment, [REDACTED] Denver, Colorado, at [REDACTED] request.

At this time, [REDACTED] advised that he has corresponded numerous times with Senator "Bobby" Kennedy of New York and Martin Luther King concerning the well-being of King. [REDACTED] then furnished a copy of a letter dated March 26, 1965, which he wrote, and the original was apparently mailed to Senator Kennedy. This letter reads as follows:

"Dear Bobby,

"I believe that Dr. Martin Luther King and Vice President Humphrey are well guarded during these critical times but, I still fear for their lives because their violent death at the hands of southern racists would cause so much discredit to our beloved America.

[REDACTED]
[REDACTED] then stated that his main purpose in "talking to the FBI" is that he is desirous of expressing his fear and opinion to J. Edgar Hoover that Dr. Martin Luther King, due to his demanding attitude and his unawareness of communist infiltration and use of racial unrest and violence, is in danger of being assassinated by "racists, communists or Black Muslims." [REDACTED] stated that this is merely his opinion and he knows of no threat to the life of Martin Luther King.

On 3/31/65, we received the following request, through Liaison, from Mr. Fred Robinette, Executive Assistant to the Assistant Commissioner of the Internal Revenue Service (Inspections). Robinette advised that the Internal Revenue Service (IRS) will conduct seminars in the near future on Equal Employment Opportunities. The Training Division of IRS has recommended Martin Luther King, Jr., among 19 individuals, as a guest lecturer at these seminars. Robinette made a name check request concerning King and the 18 other individuals.

You will recall that in December, 1964, with the Director's approval and after first checking with the White House, we disseminated to the heads of the intelligence community a paper entitled "Communism and the Negro Movement-- A Current Analysis" wherein emphasis was given to the communist influence on King as well as facts relating to his immoral nature.

It is believed that we should now furnish to IRS in response to its request for information concerning King, a copy of the document referred to above. The Name Check Section of the General Investigative Division is separately handling the request concerning the 18 other individuals.

RECOMMENDATION:

Attached for approval is a letter to Mr. Robinette enclosing a copy of the paper entitled "Communism and the Negro Movement--A Current Analysis."

March 30, 1965

Mr. Hoover,

I am bewildered, and mixed up. I need help in figuring out what is happening in our country, please help me.

I am 44 years old and was raised in east Harlem of N.Y.C.. During the early thirtys, I and my friends would go to a building at Madison Ave. and 126th street called the Finnish Hall for steam baths and recreation. Every so often there would be meetings and a few negros would be there, at that time it was unusual to see negros in that part of the city. Well, what I'm getting at is that I couldnt help hearing them talk every once in a while, and what they talked about then was all this racial trouble happening in the Southern states today. At the time us kids didnt understand what they were talking about and thought they were a bunch of nuts, but from what I see happening in the Southern states in the last few years I guess those nuts knew what they were talking about.

Mr. Hoover, I am n t a highly educated person, but I am not so stupid that I don't notice what is happening in my country and its government. I have read your book and others on communism in our country, tell me, has the communist conspirisy succeeded?, is it to late to save our government from being taken over by these nuts and extremist?

I am a simple man, and I guess with a simple mind, so could you please answer a few questions for me.

In 1957 when Rev. King was autographing his book in a New York City Dept. store a negro woman by the name of Izzola Curry stabbed him with a letter opener, when questioned, she said she did it because King was a communist and planned on making trouble in the Southern states. Last I heard about this woman was that she was put in a nut house. Today it seems to me that King is not only making trouble in the South, but all over the United States, Izzola Curry must have known what she was talking about. Why wasnt she given a trial, why wasnt she questioned more about Martin King? Why is President Johnson encouraging these negro leaders and their followers to break the laws of the states and to cause trouble? Cant Mr. Johnson be arrested for encouraging all this racial unrest which leads to violence. I hear that certain members of the senate are demanding that the K.K.K. be investigated for unAmerican activities, every thing that happens in the south is blamed on the K.K.K. Why arent the following organizations and individuals being investigated for unAmerican activities? Mr. Warren and the Supreme Court,

Mr. Hoover, I am writing to you because I don't know who else to confide in and ask these questions, and besides you have been working with the government longer than any one else that I know of, and you should really know what is happening. Some times I think that I am cracking up, I get the feeling that I am being overwhelmed by Amos and Andy, Saffire and Kingfish, every time I read the papers or turn on the T.V. this is all I see or hear. Could this all be planned just to brain wash me?

I'm just a working stiff, I'll never be rich, but that is alright with me as long as I am free, My family and I don't want to be part of a flock of sheep guided by a shepperd. We want the government in this country of ours to be the way it used to be, the way it was meant to be by our founding fathers. There should be no place in our government for people with foreign ideologys. If the way I feel and think makes me a radical or a bigot, and a lot of other things the communist call a patriotic American, its O.K. with me, I just don't like the changes that are taking place in our government so fast.

Mr. Hoover please drop me a line when you have time and let me know what you think.

Sincerely,

MARTIN LUTHER KING, JR.
SECURITY MATTER - C

Recently nationwide publicity has been given to a photograph of subject King purportedly taken at the Highlander Folk School (HFS). Others in the photograph have been described as communists and the allegation has been made that King's presence at the HFS proves his having attended a "communist training school." King has publicly answered this criticism by claiming that the photograph was taken at the 25th Anniversary Celebration of the HFS in 1957. He claimed that that was his only appearance at the HFS and that he was there for only about one hour in order to make an address which lasted about 45 minutes.

Bureau files reveal that the HFS, later known as the Highlander Research and Education Center, held its 25th Anniversary Celebration over the Labor Day weekend, 8/30-9/2/57.

The Bureau, of course, is aware of the nature of the HFS. It is desired, however, that available facts be obtained relative to King's presence at the HFS in order to substantiate or prove false his answer of the criticism.

Atlanta is instructed to immediately review its file concerning King and any other appropriate files for information which would tend to prove or disprove King's claim. Particularly note information indicating King's presence at the HFS on any occasions other than the single time he claims. If file review uncovers the identities of established reliable sources who might be helpful, leads should be set out for contact provided same can be done with full security insofar as preventing King's or unauthorized individuals' becoming aware of the Bureau inquiry.

There was no evidence uncovered indicating KING made any public appearances during his short stay in the Los Angeles area.

A source who has furnished reliable information in the past, on March 28, 1965 advised that Martin Luther King, Jr., accompanied by Bernard S. Lee, 334 Auburn Street, Atlanta, Georgia, arrived at Los Angeles International Airport from San Francisco, California, at approximately 5:40 p.m., March 28, 1965. King and Lee thereupon left the airport in a taxicab.

6076

[A second source, ^B who has furnished reliable information in the past, advised that King and Lee registered at the Hyatt House, 5547 West Century Boulevard, Los Angeles, California, and were assigned Room 220 and 221, respectively. King indicated he planned to stay at the Hyatt House for a visit of one or two days duration.

[redacted], advised information had been brought to his attention indicating that at approximately 10:30 p.m., King had made reservations on Delta Flight 820, leaving Los Angeles for Atlanta, Georgia, at 1:40 a.m., March 29, 1965.

[REDACTED] advised [REDACTED] that King, accompanied by his assistant, Reverend Lee, was observed arriving at the Delta Airlines Passenger Terminal, in a late model Ford which was driven by an unknown female Negro. [REDACTED] the license number, FMH 179, indicated the vehicle was registered to Mary Batista, 9246 South Hobart Boulevard, Los Angeles. The source noted the woman driver did not accompany King or Lee to the boarding area but merely dropped the two men off at the Passenger Terminal, at approximately 1:20 a.m., March 29, 1965.

b7(D)

The "Los Angeles Herald-Examiner," a large daily metropolitan evening newspaper, issue dated March 29, 1965, published an exclusive article written by Bob Johnson and Howard Adelstein, Staff Writers, reflecting the results of what appeared to be a hurried interview between King and the reporters as King, accompanied by an unidentified Negro companion, left for Atlanta at 1:40 a.m., March 29, 1965 on Delta Flight 820. The article noted King was one of 35 passengers who departed under a no-name reservation and he was the last passenger to board the plane. In brief, the article disclosed that King described a proposed meeting of President Lyndon Baines Johnson with Ku Klux Klan leaders as "meaningless". King told the "Herald Examiner" reporters that a massive economic boycott against Alabama would not include an appeal for U. S. labor organizations to stage a one day work stoppage demonstration as previously reported. Dr. King is quoted as saying "I haven't referred to it as a work stoppage. I've referred to it as an economic boycott of Alabama products."

The article noted that King was in the Los Angeles area for the purpose of conferring with Reverend Thomas Kilgore, West Coast Director, Southern Christian Leadership Conference (SCLC). King told reporters that "the Klan is clearly an un-American, undemocratic, unjust organization composed of hooded perpetrators of violence and I don't see why any meeting of this organization with President Johnson would have any meaning."

~~CONFIDENTIAL~~

MARTIN LUTHER KING

The reporters noted that King, while hurrying to catch his plane, referred to his Sunday action in San Francisco, as calling for an economic boycott against Mississippi, but rapidly corrected his slip of tongue by saying "I mean of Alabama."

Dr. King told the reporters he intended to attend the memorial services planned for Mrs. Viola Gregg Liuzzo in Detroit, Michigan. He also indicated to the reporters that details of the economic boycott to be called by the SCLC will be discussed in Baltimore on Thursday, April 1 and Friday, April 2, 1965 at a meeting of the SCLC Board which he will attend. The reporters noted that King disagreed with former President Truman's remarks that the civil rights march from Selma to Montgomery, Alabama, was "silly" and without results. King stated "the march did more to dramatize the injustices and indignities of Negroes in the South than anything else we have done."

Dear Mr. Hoover:

This may get no further than a Secretary, but I do hope you will be able to read it. I am only a white house wife and mother in Alabama, but very much concerned with the way Alabama is being made a scapegoat for all the black & white Communists. What I would like to know is, have all these leaders been investigated? Are they set on destroying the United States by setting the blacks against the whites? We have enough problems without these added ones.

Contrary to what the Northern papers say & the Northern news men keep spitting out on the radio & TV news, the people in this little Southern town, part of the Tri-cities area, are on very good terms with the colored people. To quote what the colored woman that does my ironing says, "all we want is for them not to come here & start anything, we just want to be left alone." She is a fine person, so are the biggest majority of the colored people here. They have sorry colored people all over, just as we have sorry white people all over, not just in the South.

What I'm trying to say is this, if Martin Luther King and his hoods are allowed to go all over Ala. stirring up trouble between the white & the colored and there is no one to stop them, we will have something on our hands that can't be stopped.

We are all deeply concerned with the way things are being handled and how they are backed up by the biggest authority in the United States.

Is there no one with guts enough to stop them? Surely the F. B. I. can do something about these Communists if no one else can.

The enclosure is just one of the many editorials from our local paper. Words like these are all the people in Alabama have to keep their heads high & their backs up.

It seems the people up north should concern themselves with their own problems and stop making problems for those that don't have any.

**Eliminate Courts
And Have Warfare?**

The suffering, humiliation, embarrassment, loss of lives and properties which have been placed on the Negro and white people of Alabama during the weeks of continuous demonstrations should cause all of Alabama to consider the paths along which they are being taken.

The problems of our great State and Nation should be settled in the courts and legislative halls — not in the streets and with impulsive calls for boycott and impeachment.

The unfair publicity, which has been spread again and again across the nation's front pages and TV screens against Alabama, has all of our peoples of both races in a dilemma. The extreme provocations which have led to the incidents of death and violence, have not been accurately reported.

Under tremendously adverse circumstances, the people of Alabama, both white and Negro, have shown admirable restraint.

Our only hope is that they will continue to do so.

Eventually the emotional binge which has taken the United States and on which the fires are being blazed higher and higher by the Martin Luther Kings, will die down and disappear. Meanwhile, it should be the hope of everyone that government by demonstration and street mob will not be substituted for government by law.

A gigantic publicity stunt has been developed with Alabama as the victim.

Former President Harry S. Truman, during whose administration, the U.S. Armed Services were integrated, said recently, "the racial demonstrations are silly and are nothing more than a means to get attention for certain individuals."

They are not only silly, they are deadly dangerous as has already been shown and their perpetrators are the ones who must someday answer for the deaths and destructive outbursts which have followed.

The thousands of outsiders are placing an unbearable burden upon local and State law enforcement agencies who are also the victims of the cry of "brutality" whenever force must be used.

Now an unfair and discriminatory voting rights measure has been prepared to solve all the problems — discrimination to overcome alleged discrimination. America truly is being ruled by emotion rather than common sense at the moment.

Let's hope this outburst of unfair sentiment will not long prevail.

NOTE: The article in "Fact Finder" is a pamphlet published as described
and the enclosed copy presented a case inferring that Martin Luther King
is associated with communist front organizations and is leading a racial
movement for the benefit of the communists. It contains statements
from Karl Prussion and makes reference to one quote by the Director.
This quote was in substance similar to the testimony the Director gave to
the House Committee on Appropriations on January 29, 1965, appearing on
page 41 of this testimony. Correspondent is not identifiable in Bufiles.
"The Fact Finder" is apparently the official publication of the group called
"We the People," a right-wing organization with headquarters at 111 North
Wabash Avenue, Chicago, Illinois, which advocates limiting the tax-spending
power of the Federal Government and eliminating government competition with
private business. It is headed by Harry T. Everingham, a prolific writer of
ultra-conservative tracts on economics and government. Everingham is well
known to the Bureau.

Will the Negroes Give Their Votes To the Communists?

MARTIN LUTHER KING, JR., 1964

Is he a Martyr or a Marxist?

Negroes, like whites, should be allowed to qualify to register and vote AS INDIVIDUALS - not as a collective mass. However, it has long been the dream and scheme of the Communist Party, U.S.A. to take over the Southern states by registering all the Negroes there and leading them to the polls to vote as a bloc FOR COMMUNISM.

THE FACT FINDER

Vol. 23, No. 7 Chicago, Ill. Feb. 15, 1965

PUBLISHED twice monthly and mailed (second-class postage) at Chicago, Ill. - 111 N. Wabash Ave. - 60602. Annual subscription: 24 Issues for \$3.50 . . . 5 or more subs. at \$3 each.

MUNIST CANDIDATES for city, state and federal government. Most Southerners knew this.

J. Edgar Hoover said, "The Communist Party is attempting to use the Negro movement, as it does everything else, to promote its own interests rather than the welfare of those to whom it directs its agitation and propaganda; (and) to exploit the militant forces of the Negro civil rights movement. The old Communist principle still holds: 'Communism must be built with non-Communist hands.' We do know that the Communist influence does exist in the Negro movement and it is this influence which is vitally important. It can be the means through which large masses are caused to lose perspective on the issues involved and, without realizing it, succumb to the Party's propaganda lures." Mr. Hoover gave this warning to Congress April 22, 1964.

Martin Luther King leads 1,000 Negroes into jail in a single day! Three hundred were arrested in Selma and 700 in Marion, Ala. Most Americans agree that Negroes should have the right to qualify to vote. But does a police record give them that right? Can a convict vote?

Is it making them better citizens to teach them to develop and show open contempt for law and order?

STARTLING FACTS ON AFRICA

In the cause of better racial relations and national security, isn't it time that Americans of both races carefully examine Martin Luther King's Communist connections and begin to question his motives?

In London recently Martin L. King got off the subject of civil rights and advocated that Communist China be given a membership in the United Nations. What was his purpose? He said it would help toward disarmament efforts.

King calls his organization "the Southern Chris-

tian Leadership Conference." He is supposed to be a Christian minister - yet when Christian missionaries were being slain in the Congo by Communist-led rebel forces and foreign troops were called upon to rescue other Christian missionaries, Martin L. King called for the withdrawal of all foreign troops who had been called in to save these Christian missionaries from the savages who were agitated by the Communists.

In fact, Martin L. King went even further than that: He had five other American Negro leaders, including Roy Wilkins and James Farmer, join him in sending a joint letter to the President, demanding that our government withdraw all support of the legitimate Congolese government of Moise Tshombe, the great anti-Communist Negro leader - and instead give our support and blessing to the "Organization of African Unity" which is backed by the Red Chinese and the Russian Communists. Why does King line himself with them and against his own country and the anti-Communist effort? The answer can be found in Martin L. King's background and alliance with Communist-front organizations in this country.

CAN NEGROES WIN OUR RESPECT AND TRUST IF THEY FOLLOW THE COMMUNISTS' LEAD?

Martin Luther King plausibly claims that he has no Red connections. However, photographic evidence of his connection with known Communists in public functions of King's organization have been released by the U.S. Senate Subcommittee on Internal Security and by the Louisiana Joint Legislative Committee on Un-American Activities. One photograph shows King with three identified Communists, Anne and Carl Braden and James E. Dombrowski. These were the principal speakers for King at his 6th Annual Conference of the Southern Christian Leadership Conference at Birmingham on Sept. 25-28, 1962. Another picture shows King, with other identified Communists, at the Communist training school at the Highlander Folk School in Monteagle, Tenn. during the Labor Day weekend of 1957. The photographer was sent to the school by the Georgia Commission on Education. The Highlander Folk School was later abolished by the Tennessee State Legislature because it was found to be a subversive organization.

(A copy of each of these photographs is avail-

THE FACT FINDER, now in its 23rd year, is written and published twice monthly by Harry T. Everingham, Chicago, Ill. Subscription is \$3.50.

Harry Everingham is also editor and publisher of FREE ENTERPRISE, national newspaper of "action for patriots." able on request to anyone ordering copies of this Fact Finder.)

Karl Prussion, former Communist and FBI informer, charges that Martin Luther King belongs to sixty Communist-front organizations - more than any Communist in the United States.

For about five years (1955-1960) King's secretary was Bayard Rustin, whose Communist background began in the Young Communist League at City College in New York in 1936. In World War II he was convicted as a draft dodger. In 1953 he was arrested with two men in Pasadena for "sex perversion." He pleaded guilty and served a term in Los Angeles City Jail. In February 1957 Rustin was one of eleven "Impartial observers" invited by Communists to attend the 16th national convention of the Communist Party U.S.A. In 1958 Rustin went to the Soviet Union. Shortly after his return he organized Martin L. King's "March on Washington" - which the Communist paper, THE WORKER, called a Communist Party project. Rustin was second in command of the bigger "March on Washington" on August 28, 1963, which Martin L. King helped to organize and direct.

After Rustin left King in 1960, he was replaced by Jack H. O'Dell, who operates as a concealed member of the national committee of the Communist Party U.S.A., according to highly-authoritative sources quoted in the "St. Louis Globe-Democrat." (See article herein.) The Senate Internal Security Subcommittee had shown Jack O'Dell to have been the Communist Party district director in New Orleans up until at least the middle 1950's. Nevertheless, Martin L. King hired, retained and used O'Dell even though his Communist background had become a matter of public record.

King himself has a long record Communist-front activity. We quote from the "St. Louis Globe-Democrat" of December 3, 1964:

"On November 27, 1960, THE WORKER, a Communist newspaper, listed King among a number of

clergyymen appealing to the President for either a new trial or plemency for one Morton Sobell who was convicted in 1951 for violation of the Espionage Conspiracy Statute.

"On May 2, 1961, the 'Atlanta Journal' quoted King as saying one-year jail sentences given Carl Braden and Frank Wilkinson show McCarthyism to be on the rise. King said he had no doubt the two were being punished for integration activities. Both reportedly refused to tell a Congressional committee in 1958 whether they were or had been Communists. One ex-Red had testified Braden was a Communist.

"On August 25, 1961, the Socialist Party publication, 'New America,' listed King among a number of others seeking to aid the imprisoned Junius Scales whose conviction for violation of the Smith Act had just been upheld by the U.S. Supreme Court.

"On May 14, 1961, THE WORKER stated that King had joined sixteen other Negro and white Southern 'leaders' in initiating a petition to President Kennedy denouncing the House Un-American Activities Committee and the Senate Internal Security subcommittee."

Definite proof of Martin L. King's connection between his organization and the Communist organization called "The Southern Conference Educational Fund," was found in documents obtained in a raid made on the S.C.E.F. headquarters in New Orleans on October 4, 1963, by the State of Louisiana's Joint Legislative Committee on Un-American Activities.

Here is what this official government investigating committee had to say in its report of April 13, 1964 concerning Martin L. King and his organiza-

tion, 'the Southern Christian Leadership Conference:'

"The Committee finds that the Southern Christian Leadership Conference and the Student Non-violent Coordinating Committee are substantially under the control of the Communist Party through the influence of the Southern Conference Educational Fund and the Communists who manage it. . .

"The evidence presented to us in the two hearings recorded in this report solidly confirms our prior findings that the Southern Conference Educational Fund is in fact a Communist Front and a Subversive Organization. The Southern Conference Educational Fund is managed and operated by Communist(s) and has obvious multiple connections with other Communist Front organizations. It has openly supported many well-identified Communists and Communist causes. It has published and distributed Communist political propaganda written by and about well-identified Communists setting forth the Communist propaganda line. We reaffirm our previous findings regarding the Southern Conference Educational Fund and our conclusion that James A. Dombrowski, Executive Director of the SCEF, is and has long been, a 'concealed Communist.'"

"The infiltration of the Communist Party into the so-called 'Civil Rights' movement through the SCEF is shocking and highly dangerous. We do not suggest, nor believe, that everyone connected with the civil rights movement is a Communist. There are many sincere and well-meaning people involved in this cause. We do suggest and the evidence before us is quite conclusive, that the civil rights movement has been grossly and solid-

ly infiltrated by the Communist Party. . . . 'he evidence before us shows clearly that Martin Luther King has very closely connected his organization, the Southern Christian Leadership Conference, with the SCEF and the Communist personalities managing the SCEF. This has been going on for some four and a half years. By thus connecting himself with the Communists, Martin Luther King has cynically betrayed his responsibilities as a Christian Minister and the political leader of a large number of people. It is the hope of the Committee that this report will enlighten his followers and supporters as to his true allegiance and purposes.'"

Whether or not Martin Luther King is a Communist, he is preparing Negroes to respond to Communist leadership when he encourages them to show an open defiance for law and order. Negroes who learn that they can defy law enforcement authorities are ripe as leaders or followers in race riots in any part of the country. They should be warned against such dangerous tactics.

Every American should know where race riots stand in the plans for the Communist takeover. This plan was exposed by a former Communist, Kenneth Goff, to a Congressional Committee. . .

THE COMMUNIST PLAN FOR TAKING OVER AMERICAN CITIES

"At that hour large race riots are supposed to take place in every city of any size. Leaders of these mobs are to be carefully chosen and trained in advance (to work on both sides). The disturbances are to be of some extent so as to require sending large forces of police to those areas. While the authorities are trying to quell these riots, picked bands of Reds are to seize the radio and TV stations and telephone exchanges. With the aid of their comrades, who are employed inside, all communication systems are to be instantly crippled, or taken over.

"Flying squads of Communists are to seize control of the water supply and shut it off; also the electrical power and gas. This means that no elevators or streetcars, subways or electric buses would be running. Other buses would be seized. Homes would be without water, fuel, light or telephone. It would be impossible to communicate with friends or loved ones, even in another part of the city.

"Goon squads of professional murderers would round up the people in the business districts. Men are to be held as hostages in some of the larger buildings. Women are to be turned over to the sex-crazed mobs unless the men surrender.

"These are exactly the methods used in Rus-

Negroes how to prepare weapons to keep "forces of the state under pressure in many places simultaneously." They are told, "Gasoline fire bombs (Molotov cocktails), lye, or acid bombs (made in light bulbs), can be used extensively. . . Hand grenades, bazookas, light mortars, rocket launchers, machine guns and ammunition can be bought clandestinely from service men, anxious to make a fast dollar. . . Explosive booby traps on police telephone boxes can be employed. High-powered sniper rifles are readily available. Armor-piercing bullets will penetrate oil storage tanks from a distance. Phosphorus matches (kitchen matches) placed in air-conditioning systems, will cause delayed explosions which will destroy expensive buildings. Flame throwers can be manufactured at home. . . The mighty U.S. is not as smug or secure as it once was.

IBUTION!

sia, Spain and other places where the Communist Party was allowed to organize, and come to fruition. They expect to do the same thing in the United States.

"Bridges, subways and railroad stations are to be blown up and airports seized. Downtown areas are to be isolated from the rest of the city. Sharpshooters and snipers are to be detailed in taxicabs and private cars, which are to be taken over to wipe out the police, soldiers, uniformed persons and known vigilantes. Smoke bombs, properly located in subways, buildings and large stores, are to add to the terror of the people.

"When night comes, the city is to be in pitch darkness. Murderous bands of Reds will roam the streets, plundering shops and stores, and starting fires in old buildings. This will increase the panic and facilitate the surrender of women, children and old people, who will be held as hostages to hasten the surrender of men.

"Then, as the morning's sun casts its first rays on the community, one will be able to see blood flowing in the streets. This is no idle dream. The Communist Party is working methodically and with deliberate precision toward this objective. IT CAN HAPPEN HERE. Unless we destroy the Red menace in America, the day is at hand when we shall suffer the same fate as our brethren in Europe."

CARE ENOUGH TO DO SOMETHING

Most Americans don't read a book a year - but anyone can take time to read a pamphlet like the Fact Finder. It is well illustrated, well documented, interesting and easy to read. Introduce the Fact Finder to your friends and neighbors. As they pass it on to others, the influence grows. Thus we can free our people from the ignorance that tyrants feed upon.

Dear Mr. Hoover,

Many of my friends are confused by events taking place in connection with the Civil Rights Movement, but above all in the minds of all of us there is a big interrogation mark next to the name of Dr. Martin Luther King. We want to know if this man is communist. We don't care to know if he is affiliated with the party or is a card-carrying member. We simply want to know if he is communist.

We have no other source on whose integrity we can rely as on you. Your years of service as head of the F. B. I. speak for themselves.

For those who at this late date would try to discredit you and yours, we say "pooh on them"

Whatever you answer will be passed on to my friends.

I sincerely hope this finds you in the very best of health and remember there are so very many of us who deeply appreciate you and thank God you are the head of the F. B. I.

The above picture was made by an employee of the State of Georgia, at the Highlander Folk School in Monteagle, Tennessee during the Labor Day week-end of 1957. The photographer was sent to the Highlander Folk School by the Georgia Commission on Education. The Highlander Folk School was abolished by an act of the Legislature of the State of Tennessee at a later date because it was charged with being a subversive organization.

Those numbered in the picture are:

1. Martin Luther King, Jr., of the Montgomery boycott and the Birmingham riots. Karl Prussion, a counter-spy for the FBI for twenty-two years, charges that Martin Luther King belongs to sixty Communist-front organizations — more than any Communist in the United States. He is promoted and encouraged by the Kennedys.
2. Abner W. Berry of the Central Committee of the Communist Party.
3. Aubrey Williams, President of the Southern Conference Education Fund, Inc., The Transmission Belt in the South for the Communist Party.
4. Myles Horton, Director of Highlander Folk School for Communist Training, Monteagle, Tennessee.

These "Four Horsemen" of racial agitation have brought tension, disturbance, strife and violence in their advancement of the Communist doctrine of "racial nationalism."

Your letter of March 25th has been received, and I am indeed encouraged to know of your support and want to thank you for your generous comments concerning my administration of the FBI. It is hoped that our future endeavors will continue to meet with your approval.

While I would like to be of service, information contained in the files of the FBI must be maintained as confidential in accordance with regulations of the Department of Justice and is available for official use only. I regret I am unable to be of assistance to you in this instance but trust you will understand the reasons for this policy. Concerning my reference to Reverend Martin Luther King as being a "liar," I did so because he had publicly made several untrue statements without any attempt to obtain the truth. For example, he claimed that all FBI Agents assigned to the Albany, Georgia, Resident Agency were southern born when, as a matter of fact, four of the five assigned to Albany were northern born and another such claim that FBI Agents will not act on civil rights complaints because they are southerners. The latter statement can be disputed by noting that seventy per cent of our Agents currently assigned to the South were born in the North.

Enclosed is some material I hope you will find of interest.

My dear Mr. Hoover,

I have long been an admirer of you and the work you have done in and for our country.

Today, as I listened to Dr. Martin Luther King, I was reminded of your comment concerning this man.

I would like to ask you several questions. What kind of a school did Dr. King attend while he was in Russia? Why do you call him a liar? Is he a communist, or is he communist inspired?

I would appreciate hearing from you concerning my questions.

You have served long & faithfully in a trying but important position, & I personally want to congratulate you on a job well done.

Sincerely yours,

Gentlemen:

I have a problem which I hope you can help us
solve. This problem concerns Dr. Martin Luther King.

I believe he is a devout Christian, a remarkable
man who is trying to lead his people to freedom, with-
out violence or blood-shed. However the other day I saw
a large poster in a public place saying he is communist
and many of my friends believe this. There is much
discussion about this.

Can you prove these reports are false or is there
any proof in your records that would substantiate this
claim.

I would sincerely be thankful for any information
you can give me.

Sincerely,

Reurtel 3-30-65 "Alleged Plot to Assassinate Martin Luther King, RM," which reported information developed from one [redacted] wherein he claimed to be a part of a plot aimed against the life of King.

The Bureau has noted certain inadequacies relative to your handling of this matter. The following observations should be brought to the attention of all appropriate personnel responsible.

It was reported that [redacted] had met one [redacted] and a home address was listed for him as [redacted] Florida. The teletype was designated for Miami, among other offices. There is no [redacted] in Florida, but it is noted that [redacted] is located adjacent to [redacted] Florida. An examination of a map would have disclosed this error and further would have enabled your office to send the teletype to Tampa rather than the Miami Office as [redacted] is covered by the Tampa Office.

Retel reported that [redacted] was in local custody and that he appeared to be identical to the subject of [redacted] case. Retel failed to include specific reference to a teletype from your office to the Bureau and Little Rock (origin) 3-27-65 concerning [redacted] who was a [redacted] fugitive and whose status as a fugitive was cleared by his being in local custody. Retel did state that results of the Baltimore investigation in the [redacted] case was furnished the Bureau and interested offices separately. Retel should have made reference to the specific 3-27-65 communication. This would have enabled the Bureau to better correlate correspondence relating to [redacted]

[redacted] claimed certain mental disabilities and claimed that he had been in the Army and Marine Corps having received a mental discharge from the Marine Corps. Retel set out a lead for Philadelphia to obtain background of [redacted] especially as to his present mental condition. This was to be

It appears that if your office thought that firm information should be obtained concerning the mental condition and background of [REDACTED] a most logical lead would have been to have the St. Louis Office check his record in the military services. While subsequent information obtained from a review of Bufiles dictated no necessity for further checking on the mental condition of [REDACTED] the fact remains that at the time retel was prepared the more logical source for data concerning [REDACTED] would have been his military records.

Form errors should be scored against the responsible personnel for the inadequacies dealing with the Florida address and submission of teletype to wrong Florida office.

MARTIN LUTHER KING, JR.

[REDACTED] advised March 26, 1965, that the Reverend Dr. MARTIN LUTHER KING, JR., upon arrival at San Francisco International Airport on Delta Airlines Flight 327 at approximately 8 p.m., March 27, 1965, was to be met by Episcopal Bishop JAMES H. H. of Grace Cathedral, San Francisco, and was to proceed directly to the Hilton Hotel in downtown San Francisco. KING's schedule called for his speaking at Grace Cathedral, 1051 Taylor Street, at 11 a.m., Sunday, March 28, 1965, and thereafter he would proceed to the KRON (NBC) television studios for a televised press interview from 2:15 p.m. to 3:30 p.m. and would depart from San Francisco at 4 p.m., March 28, 1965.

The "San Francisco Chronicle" and the "San Francisco Examiner" daily newspapers, of March 29, 1965, carried lengthy coverage on Dr. KING's sermon at 11 a.m., March 28th, at Grace Cathedral. The crowd in the cathedral was estimated at 2500 with an additional 1000 in a basement auditorium and between 1000 and 1500 standing outside unable to enter. It was said that his sermon was a long-standing commitment to speak at this cathedral. The theme of his sermon was the need for a rule of love and justice in order that man can live in peace and harmony. Many references were made to the civil rights problem in Alabama and elsewhere.

The televised interview over the National Broadcasting Company station KRON, San Francisco, in the afternoon of March 28, 1965, was with correspondents in Washington, D.C., for the program "Meet the Press." In it he stated that the Southern Christian Leadership Conference would call for a boycott of all Alabama products; would ask for the withdrawal of federal money from Alabama banks; would appeal to union leaders to support the economic boycott and would ask federal agencies to "withdraw support for a society that refused to protect life and the right to vote." KING predicted that the boycott would get underway in about two weeks and at first would last for about ten days and then would be repeated at such intervals as are necessary.

[REDACTED] advised [REDACTED] stated that while at South Carolina, he was in possession of a sub-machine gun and was approached by men who offered \$50,000 to assassinate MARTIN LUTHER KING.

[REDACTED] advised FBI Agents that he served in U. S. Army and U. S. Marine Corps (USMC) receiving a "mental" discharge from USMC. He stated, he was injured while in the U. S. SAC Ponder of Atlanta called at approximately Noon today and advised that an Atlanta source had just indicated a telephone call was made, by a person who identified herself as Betty Washington of the Chicago Daily Defender, to the Southern Christian Leadership Conference (SCLC) in which the caller asked the SCLC office if they had heard a report that King had been shot in Baltimore this morning. Miss Washington was shot in Baltimore this morning. Miss Washington was answered in the negative and she promptly hung up.

ACTION:

I called SAC Tully in Baltimore who made a discreet check with the police and was advised that there were no unusual occurrences with reference to King and his activities in Baltimore. The Baltimore Police Department has a squad of men at the Lord Baltimore Hotel where a SCLC staff meeting is in progress and King is present there. Therefore, obviously there is no truth to the report received in Atlanta.

For some time I have read in newspapers and heard over radio and television about Rev. Martin Luther King's close friends and associates who are "known" communists. If this be true I would like to know the facts and feel that all Americans should know this--the facts-- or else close the matter once and for all. I feel that this is of extreme importance because of his attraction to many college age students.

Please understand that this letter is not written by a "southern radical" or a "crackpot" but rather the mother of a college student, who is concerned.

This letter is addressed to you, Mr. Hoover, for surely you have the facts and we need to know them.

Today Is All We Have

■ IT IS IMPORTANT to live today, for it will not return for a second try. If we miss its joy and zest, we miss it forever.

A woman twenty-four years of age was told that her husband, two years older, would soon die of an incurable disease. This was a blow, and it caused a night of gloom to settle about this pair.

After prayerful meditation, they decided they would pack every day full of helpful service and joyous companionship.

They were not careless of a single hour. They lived every day to its full. Years were added to the man's life, and the doctor gave credit to their wholesome, unselfish living.

Do we need to be shocked into seeing that so-called ordinary days are precious? Today is all we have. From sunup till sundown, let us fill it with life.—*Oliver G. Wilson.*

My life, I must believe, is carefully planned
By One who sees the end from the beginning

Perhaps He sees I'm proud, or hard, or stubborn
And need to feel His tender chastening rod.*

SECURITY MATTER - C

The University of California at Los Angeles (UCLA) "Daily Bruin" a campus newspaper issue of March 24, 1965, page 1, carried an article captioned "King Invited to Campus; Negotiations in Progress".

The article stated that the Reverend Martin Luther King, Jr. has been extended an invitation to address UCLA students and negotiations are under way to arrange for his appearance. According to the article, the invitation for King to speak at UCLA would be delivered to King by ministers from the Los Angeles area who were going to Alabama in connection with the voting rights demonstrations there.

The article stated that the date of King's appearance has not yet been set but will probably be in early April, 1965, at Spaulding Field on the campus at UCLA.

RE: MARTIN LUTHER KING, JR.

Philadelphia to obtain background as to [REDACTED] mental condition at [REDACTED] and for receiving offices not to conduct investigation unless advised to the contrary by the Bureau until information concerning [REDACTED] mental condition was determined.

Bureau files reveal that [REDACTED] has been involved for many years in connection with violations of the law, both local and Federal. He has had several terms of military service and has been a deserter in the past. [REDACTED] contains the report of Special Agent [REDACTED] dated 7/15/54, concerning [REDACTED]. The report has pertinent data concerning [REDACTED] mental state. Philadelphia airtel 6/28/54 in the same case also contains pertinent mental-condition data.

[REDACTED] contains the most recent investigation of [REDACTED] wherein he was a [REDACTED] fugitive, [REDACTED]. His fugitive status was cleared by his recent local arrest in Maryland. Information in this file reveals that [REDACTED] has given a variety of birth dates over the years and has traveled about the country a good deal. b7(c)

ReChtel reported investigation at Sanford, North Carolina, which failed to verify the claim of [REDACTED] that he had encountered a local officer near Sanford as alleged.

RePHtel reported a summary of information verifying the mental difficulties [REDACTED] has experienced over the years.

In view of the reported mental condition of [REDACTED] and the apparent lack of any Bureau jurisdiction relative to the alleged plot concerning King, no further investigation should be conducted. It is necessary, however, for the Bureau to make appropriate dissemination concerning the threat and [REDACTED] mental condition. The following instructions, therefore, should be promptly carried out by the indicated offices and requested material submitted by return airtel.

Baltimore should submit a letterhead memorandum including the information concerning the alleged plot relative to King's life; data concerning [REDACTED] local incarceration; mental condition factors as related by [REDACTED] and his claim concerning the Sanford, North Carolina, incident. Do not include the Ruby-Oswald information.

Airtel to SACs, Baltimore, et al
RE: MARTIN LUTHER KING, JR.

For your information, extensive investigation by the Bureau in the past failed to confirm any claim that Oswald and Ruby were known to each other prior to the assassination of President Kennedy.

Charlotte should submit a letterhead memorandum reporting investigation conducted at Sanford, North Carolina.

Philadelphia should submit a letterhead memorandum containing details as to [REDACTED] current incarceration; all available information concerning the mental condition of [REDACTED] (thoroughly review your files for this information); and a brief summary of the military record of [REDACTED] as revealed in your files.

It is noted that referenced Baltimore teletype should have been sent to Tampa rather than Miami and subsequently Miami sent a copy of the Baltimore teletype to Tampa by air mail. In the event Tampa has any pertinent information, it should submit same by a letterhead memorandum. b7(c)

All offices preparing letterhead memoranda should designate a copy for Atlanta and in view of Atlanta's previous advice to local authorities, Atlanta should now also furnish local authorities a brief summary concerning the mental condition of [REDACTED]

Enclosed for the information of Atlanta, Baltimore and Philadelphia is one copy each [REDACTED]

TO : Mr. DeLoach

DATE: 3-29-65

FROM : M. A. Jones

SUBJECT: DR. MARTIN LUTHER KING, JR.
INTERVIEW ON TELEVISION PROGRAM,
"MEET THE PRESS"
MARCH 28, 1965

King appeared on captioned National Broadcasting Company television program which was heard locally over WRC, Channel 4.

King said that the recent march from Selma to Montgomery, Alabama, was made to dramatize the indignities suffered by Negroes, to protest police brutality, and to insure that Negroes get the right to vote. He said these issues must be kept before the public and there will be no respite in Alabama.

King asserted that we all have the moral obligation to break unjust laws as long as we are willing to go to jail and pay the penalty for breaking those laws. He gave this as his reasoning for recently stating that he would have violated any court injunction which might have been handed down prohibiting the march to Montgomery.

King called for a national economic boycott of the State of Alabama and said that he intended to seek the aid of trade unions and Federal agencies to promote this boycott.

King denied that communists had infiltrated the civil rights movement and claimed that most civil rights groups prohibit communists from holding office or otherwise obtaining position of leadership.

25 APR 2 1965

He was asked about a photograph taken of him at the Highlander Folk School in 1957 which, the interviewer said, some had claimed was communist dominated. King said that this school, as far as he knew, was not communist influenced in any way. He said it was one of the first schools to promote inter-racial education, that he had never attended the school, and that he had only appeared there once in 1957 for about one hour to make an address at which time he was photographed.

Re: Martin Luther King, Jr.
Security Matter - C

On March 28, 1965, Reverend Martin Luther King, Jr., was interviewed on the National Broadcasting Company television program, "Meet the Press". King stated that the march from Selma to Montgomery, Alabama, was one of the most powerful and dramatic civil rights display that has ever taken place. He said that the march had a two-fold purpose: 1. To protest police brutality in Alabama and 2. To secure the right of the Negro to vote.

King stated that there can be no respite in demonstrations as long as conditions exist in Alabama that call for demonstrations. He said there is a moral obligation to continue demonstrations so that the issues can be kept before the people of the United States.

According to King there are barriers which remain in Alabama that must be destroyed, namely the unhampered right for all to vote in Alabama, removal of the poll tax, an end to brutality by all law enforcement agencies and equal opportunity for the Negro in the anti-poverty program.

King stated that he did not consider that he violated the law by marching in Selma, in defiance of a court injunction, since attorneys had advised that it was an invalid order. King said there are two types of laws according to his thinking: 1. The just law which has a moral obligation to obey and 2. The unjust law which has a moral obligation to defy. King said he does not believe in defying or evading laws, but stated the chief norm in his actions is to accept the penalty if his conscience tells him the law is unjust.

Re: Martin Luther King, Jr.
Security Matter - C

King said that he plans to call for nationwide economic withdrawal from Alabama, a boycott of Alabama products and to bring pressure on Governor Wallace of Alabama for his reign of terror.

Concerning a charge of Communist Party infiltration of the Civil Rights movement, King said he saw no evidence of this since all civil rights organizations state in their by-laws that there can be no member of the Communist Party either as an official or as a member.

Concerning a charge that he in 1958 attended a Communist training school known as the Highlanders Folk School, King denied that it was a Communist training school and indicated that he had only spent one hour there to present a speech on the 25th anniversary of the school.

King concluded his remarks by stating that the civil rights movement will continue to be non-violent in nature.

Dear [REDACTED]

Your letter of March 26th, with enclosure, has been received.

With respect to your inquiries, information contained in the files of the FBI must be maintained as confidential in accordance with regulations of the Department of Justice and is available for official use only. I regret I cannot be of help in this instance but trust you understand the necessary reasons for this policy.

I would like to point out Karl Prussion assisted this Bureau by furnishing information on subversive activities from November, 1949, to July, 1958, during which time he was compensated; however, he was not a Special Agent. His personal ventures, opinions and comments are strictly his own, and the FBI is not in a position to comment on them in any manner whatsoever.

Sincerely yours,

"The greatest infiltration of the Socialist-Communist conspiracy is in all elements of the Communications media. They co-operate consciously or unconsciously with the other big areas which include the clergy, the educational field, big government and the entertainment field. These five areas more than any other are communizing the U.S.A.

Some think it news that Martin Luther King attended a Communist Training school in 1957 at the Highlander Folk School in Monteale, Tenn. The picture showing King and others at this school may be obtained.

Karl Prussion, counterspy for the FBI for 22 years, charges that Martin Luther king belongs to 60 Communist - front organizations. He has been promoted and encouraged by both the Kennedy and Johnson administrations.

As a member of the National Council of Churches, he is identified by Circuit Riders as having over 30 Communist - front affiliations. Some also think this is news.

What has happened to the newspapers? Have you all sold out? "

From The Citizen-Journal March 25, 1965

"The greatest infiltration of the socialist-Communist conspiracy is in all elements of the communications media. They co-operate consciously or unconsciously with the other big areas which include the clergy, the educational field, big government and the entertainment field. These few areas more than any other are communizing the U.S.A.

Some think it news that Martin Luther King attended a Communist Training school in 1954 at The Highlander Folk School in Monteagle, Tenn. The picture showing King and others at this school may be obtained.

Karl Prussian, counter spy for the FBI for 22 years, charges that Martin Luther King belongs to 60 Communist-front organizations. He has been promoted and encouraged by both the Kennedy and Johnson administrations.

As a member of the National Council of Churches, he is identified by Circuit Riders as having over 30 Communist-front affiliations. Some also think this is news.

What has happened to the newspapers? Have you all sold out?
